

Watergate Apartment Model Opens

Watergate in Foggy Bottom will open its first model apartment today.

Hours will be 11 a.m. until 6 p.m., every day of the week except Monday when the apartment will be closed.

The richly furnished and decorated model apartment interiors are the work of the National Society of Interior Designers and its president, Arturo Pini di San Miniato.

The apartment has an entrance hall and an oval foyer floored in white marble, living room, dining room, library, kitchen, two bedrooms, powder room, and maid room.

The apartment is decorated and furnished in a Classic Continental style, with great richness of color, texture, and detail. Furniture is of French and Italian design.

The model apartment is located in Watergate East, which will be ready for occupancy this fall. The \$66 million Watergate development will comprise five buildings that will provide about 1000 cooperative apartments, more than 200,000 square feet of office space, 200 residential hotel units and shops, stores, restaurants and clubs.

Visitors may reach the model apartment by going to Watergate Exhibit Hall and taking a covered walkway to Watergate East. An admission fee of 50 cents per person will be donated to local charities.
